

SUBJECT: College Students Requesting Your Advice
FROM: "Giulia (Lafayette College Gov Lab)" <govlab@lafayette.edu>
TO: kelli.martindale@swcsd.us
DATE: 01/12/2024 10:23

Hi there,

We wanted to kindly remind you about our December email asking if you would be willing to share your thoughts and advice with the Lafayette College Gov Lab.

As a reminder, here's some additional context for our project:

- We're a student research group at a small college in Easton, PA interested in helping other ambitious, civic-minded students consider a life of public service.
- You received our initial request because you have served on a school board or in a position related to education policy.
- All responses to the survey will remain anonymous, and no identifiable data will be shared with anyone at any time.
- We don't have a political/partisan agenda, and we certainly don't make any money on this.
- Ultimately, we just want to learn from you and share your advice/thoughts with other college students because we feel it is important to learn from people with real-world experience in politics and public policy.

If you haven't had the chance to complete the survey yet, it would mean a lot to us if you would take a few moments to share your thoughts with us.

[You can click here if you have a few minutes to take this year's American Political Leadership Survey.](#)

We've put a lot of work into this project, so thank you for even considering our request. We'll leave the survey open until the end of January.

Hope to hear from you soon!

Giulia
Student Lead
Lafayette College Gov Lab

P.S. Please feel free to reach out to Prof. Andrew Clarke (clarkeaj@lafayette.edu) in Lafayette College's Department of Government & Law if you have any questions.

[Click here to opt-out of future emails from us.](#)

SUBJECT: College Students Requesting Your Advice -- Final Reminder!
FROM: "Giulia (Lafayette College Gov Lab)" <govlab@lafayette.edu>
TO: kelli.martindale@swcsd.us
DATE: 01/25/2024 11:49

Hi there!

I'm writing with a final reminder that our survey will remain open until next Wednesday, January 31st!

Our non-partisan student research team -- the Lafayette College Gov Lab -- specifically wanted to reach out to you because of your experience on a school board or in a position related to education policy. We spent months preparing for the project, and we're really excited to learn from you and your experiences!

While our work is far from perfect, it would really mean a lot to us if you have around **15 minutes** to share your thoughts and advice by completing the survey.

If you think you have the time to help us out, [you can click here to complete the survey before Wednesday, January 31st.](#)

Please feel free to reach out to us or our faculty advisor (Prof. Andrew Clarke) with any additional questions, comments, or concerns you might have!

Thank you for your help,

Giulia

P.S. This email is meant to reach people who were invited but have not yet completed the survey. However, it's actually hard for us to know if we're doing this correctly because all survey responses are encrypted to remain fully anonymous! So, I do apologize if you are receiving this email and you have already completed the survey, and let me thank you again for being so incredibly generous with your time.

And please remember you can always remove your email address from our contact list: [simply click here to unsubscribe](#)

Good Morning All,

I knew a few who attended last year's meeting and she stated very informative. Please forward this email to all you think would like the information.

This disease needs to be out there for our families and friends. If you need more information or can not attend please let me know.

Sincerely,
Laverne Dotson

SAVE THE DATE for the
Hicks Harris Ferguson Multiple
Myeloma Virtual Luncheon Lecture
Series

Multiple Myeloma: Progress, Collaboration,
Cure

In celebration of **Multiple Myeloma Month** we bring you this virtual luncheon lecture and as part of a series planned throughout 2024. These lectures can serve as an excellent platform to disseminate valuable information and foster discussions among healthcare professionals, patients, and caregivers. This new format is based on prior attendee evaluations to allow for dedicated time for questions and open dialogue with our presenter(s).

Save the Date

HICKS HARRIS FERGUSON MULTIPLE MYELOMA VIRTUAL LUNCHEON LECTURE SERIES

MULTIPLE MYELOMA: PROGRESS, COLLABORATION, CURE

Reflection on multiple myeloma, its past, present, and future trajectory, involves acknowledging the strides made in understanding, diagnosing, and treating the disease while also identifying areas for improvement and envisioning the path forward. Join Dr. Brandon Blue as he discusses our past, future prospects, and the strategies to navigate this journey. There will be opportunity for questions after the lecture.

SUBJECT: Letter of Support Requested for Hilliard Rome Road Grade Separation Project
FROM: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>
TO: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>
DATE: 05/19/2024 17:58
ATTACHMENTS (20240519-175810-0000013):
[CRISI Letter of Support Template \(5-19-24\).docx](#)

Dear Partners,

The City of Columbus is requesting \$26.6 million for the Hilliard Rome Road Grade Separation Project from the United States Department of Transportation's (USDOT) [Consolidated Rail Infrastructure and Safety Improvements \(CRISI\) Grant Program](#). The project will separate the existing at-grade railroad crossing on Hilliard Rome Road by extending Galloway Road and constructing a new separated railroad crossing over the existing railroad tracks. This project would separate a hazardous at-grade railroad crossing, improve transportation insecurity in the surrounding communities, and extend the impact and benefit of federal and local investments in the [LinkUS West Broad Street Bus Rapid Transit \(BRT\) corridor](#). The Ohio Rail Development Commission has already awarded the project \$3.3 million from [Ohio's Rail Crossing Elimination Program](#), and we are excited to continue the project's momentum at the federal level.

We would greatly appreciate your endorsement of this project with a letter of support from your organization.

Here's how you can help:

1. Simply copy and paste the attached sample letter of support onto your letterhead and have the appropriate person at your organization sign, scan (in color preferably), and email this letter to me. We are compiling the letters to send to USDOT with our application. Feel free to also write a letter of support in your own words if you like and send to us.
2. We would also appreciate if you could physically mail your letter directly to Secretary Buttigieg as well.

We are trying to get the letters emailed back to us by **Tuesday, March 28 by Noon**.

Please let me know if you have any questions or need additional information. Thanks again for your consideration.

All my best,

Rory

Well, it seems the link I provided to you to register on the TEEX website for the MGT-312 class is no longer valid. Due to behind-the-scenes issues, TEEX sent a cancellation email to those who had already registered on their site for the MGT-312 class and made the link I provided you invalid. I have asked them to send me the new link so that I can provide to you. Once I receive the new link, I will send it to you in an email.

My apologies for the confusion.

Respectfully,

Pam

Dear Partners,

Thanks again for your consideration in writing a letter of support for the City of Columbus Hilliard Rome Road Grade Separation CRISI Grant.

We are trying to get as many letters of support to submit with our application by NOON ON TUESDAY, MAY 28.

We ideally want to send one big batch of letters along with the grant application that is also due on May 28.

If the timeframe is too tight, letters of support can be sent separately from the application. Just scan your letter, email to us, and mail directly to Secretary Buttigieg when it is convenient for you.

All my best,

Rory

Subject: RE: Letter of Support Requested for Hilliard Rome Road Grade Separation Project
Importance: High

Dear Partners,

Thanks again for your consideration in writing a letter of support for the City of Columbus Hilliard Rome Road Grade Separation CRISI Grant.

We are trying to get as many letters of support to submit with our application by NOON ON TUESDAY, MAY 28.
We ideally want to send one big batch of letters along with the grant application that is also due on May 28.

If the timeframe is too tight, letters of support can be sent separately from the application. Just scan your letter, email to us, and mail directly to Secretary Buttigieg when it is convenient for you.

All my best,

Rory

Subject: Letter of Support Requested for Hilliard Rome Road Grade Separation Project
Importance: High

Dear Partners,

The City of Columbus is requesting \$26.6 million for the Hilliard Rome Road Grade Separation Project from the United States Department of Transportation's (USDOT

) [Consolidated Rail Infrastructure and Safety Improvements \(CRISI\) Grant Program](#)

. The project will separate the existing at-grade railroad crossing on Hilliard Rome Road by extending Galloway Road and constructing a new separated railroad crossing over the existing railroad tracks. This project would separate a hazardous at-grade railroad crossing, improve transportation insecurity in the surrounding communities, and extend the impact and benefit of federal and local investments in the

[LinkUS West Broad Street Bus Rapid Transit \(BRT\) corridor](#)

. The Ohio Rail Development Commission has already awarded the project \$3.3 million from [Ohio's Rail Crossing Elimination Program](#), and we are excited to continue the project's momentum at the federal level.

We would greatly appreciate your endorsement of this project with a letter of support from your organization.

Here's how you can help:

1. Simply copy and paste the attached sample letter of support onto your letterhead and have the appropriate person at your organization sign, scan (in color preferably), and email this letter to me. We are compiling the letters to send to USDOT with our application. Feel free to also write a letter of support in your own words if you like and send to us.
2. We would also appreciate if you could physically mail your letter directly to Secretary Buttigieg as well.

We are trying to get the letters emailed back to us by **Tuesday, May 28 by Noon**.

Please let me know if you have any questions or need additional information. Thanks again for your consideration.

All my best,

Rory

Good Morning,

You have registered and been approved locally to attend the MGT-312 Senior Officials Workshop class being hosted here at FCEM&HS on July 31st. You should have received an email from me with a link to the class on the TEEX website so you can complete your registration. TEEX sent me a copy of their class roster this morning to crosscheck with mine. I see where you have not yet completed your registration on the TEEX site. Please take the time to register as soon as you are able. Here is the link:

Good Morning,

You registered and were approved to attend the July 31st MGT-312 Senior Officials Workshop. My TEEX POC stated you had not yet completed your registration on their site. This is just a reminder you must complete your registration on the TEEX website.

I provided the TEEX registration link to you when I sent you an email approving you into the class. For your convenience, here is the link to the class on the TEEX website:

Please complete this registration a/s/a/p so that we meet our participation numbers. TEEX does not include people who have registered with me but not with them into our class numbers to ensure we have met our required number of students.

Please do not share this link with others and people must first register with me and I will provide them the link.

Respectfully,
Pam

SUBJECT: Letter of Support Requested for LinkUS East Main Street BRT Planning Grant

FROM: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>

TO: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>

DATE: 07/10/2024 19:09

Dear Partners,

COTA and the City of Columbus are working together to pursue a [Pilot Program for Transit-Oriented Development Planning](#) grant from the U.S. Department of Transportation (USDOT) for the [LinkUS East Main Street Bus Rapid Transit \(BRT\) project](#). This grant will fund a comprehensive capacity, economic, and market analysis as well as resource and policy recommendations to advance [equitable transit-oriented development \(ETOD\)](#) at the transit stations along the East Main Street BRT. ETOD aims to focus jobs, housing, and services near transit to improve opportunity for all people. This grant will allow us to focus our future growth along our key transit lines while improving our quality of life, reducing infrastructure costs, preserving open space, and reducing pollution. Last year your 150 letters of support helped us

The East Main Street BRT Corridor will run approximately 13.6 miles, through a combination of dedicated lanes and mixed traffic, through Franklin County, Columbus, Bexley, Whitehall and Reynoldsburg. By 2040, the population along the corridor will grow by 83% to 82,000 residents. Jobs along the corridor are also expected to grow, reaching 100,000 jobs by 2040. Dedicated lanes for BRT, traffic signal priority, and level boarding, will provide a quicker, more reliable travel experience while also creating better connections to jobs, housing, education, healthcare and recreation. The East Main Street BRT corridor is essential to ensure that our infrastructure keeps pace with the demands placed on it by population and economic growth.

The East Main BRT is one of three rapid transit projects that are already in design as part of [LinkUS](#). This November, COTA will have a levy on the ballot that will:

- Increase COTA service by 45%, with faster and more reliable access to work, home, and entertainment
- Build 500+ miles of sidewalks, bikeways and trails that improve safety, access to transit, and quality of life in our community
- Improve opportunity for all by building the infrastructure we need to grow our economy and focus our future growth on key transit lines

We would greatly appreciate your endorsement of this project with a letter of support from your organization.

Here's how you can help:

1. Simply copy and paste the attached sample letter of support onto your letterhead and have the appropriate person at your organization sign, scan (in color preferably), and email this letter to me. We are compiling the letters to send to USDOT with our application. Feel free to also write a letter of support in your own words if you like and send to us.

2. We would also appreciate if you could physically mail your letter directly to Secretary Buttigieg as well.

We are trying to get the letters emailed back to us by **Friday, July 19th**.

Please let me know if you have any questions or need additional information. Thanks again for your consideration.

Hello,

I will no longer be able to attend this training unfortunately. I was very much looking forward to it. There was a lot of confusion with the signing up process and I did not think it worked for me and so did not think I was signed up. Sorry for any confusion I may have caused on my end.

Please let me know what I can do to unenroll myself.

Thank you,

Denise

Good Morning,

You have registered and been approved to attend the July 31st MGT-312 Senior Officials Workshop for All-Hazards Preparedness. Hopefully you have completed your registration on the TEEX website with the link I provided to you in your approval email. If not, you need to do this a/s/a/p.

Since lunch will be provided day of the Workshop, we need to know if you have any dietary restrictions/allergies. Only those who do, please let me know a/s/a/p so that the lunch order can be finalized.

The registration form stated that the deadline for registering was June 28th but, there are still a few seats available in the class if you know of anyone interested in attending; class flyer/registration form attached.

34 people were blind copied on this email.

Respectfully,
Pam

SUBJECT: Letter of Support Requested for Safe Streets and Roads Program by August 29

FROM: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>

TO: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>

DATE: 08/23/2024 12:15

ATTACHMENTS (20240823-121536-0000009):

[SS4A Letter of Support Template \(Final\)\(8-23-24\).docx](#)

Dear Partners,

The City of Columbus is preparing a request for a \$1 million planning grant from the United States Department of Transportation's (USDOT's) [Safe Streets and Roads for All \(SS4A\) Program](#). This investment will further improve our [Vision Zero Action Plan](#) that is focused on ending crash-related fatalities and serious injuries on our streets, while increasing safe, healthy, and equitable mobility for all.

This \$1 million grant will add two new components to our Vision Zero Action Plan. The Comprehensive Vulnerable Road User Safety Plan will include development of a new 5-year Safe Routes to School program, a complementary pedestrian priority network, and an implementation toolbox. It will also include a Lighting for Safety Prioritization Plan in collaboration with Division of Power at Department of Public Utilities. This would update their existing policy to better define safety in alignment with Vision Zero Columbus as they prioritize the installation of new lighting across the City.

The addition of these two components will allow us to better allocate our resources to have the greatest impact to accomplish our Vision Zero goals. We would greatly appreciate your endorsement of our request to USDOT. Here's how you can help:

- 1. By August 29, simply copy and paste the attached sample letter of support onto your letterhead and have the appropriate person at your organization include information about your organization and why you support the grant request. Then sign, scan (in color preferably), and email this letter to me. We are compiling the letters to send to USDOT with our application.**
- 2. We would also appreciate if you could physically mail your letter directly to Secretary Buttigieg as well.**

Please let me know if you have any questions or need additional information. Thanks again for your support!

All my best,

Rory

[SS4A Letter of Support Template \(Final\)\(8-23-24\).docx](#)

Dear Partners,

Thanks again for your consideration in writing a letter of support (see attached for template) for the City's \$1 million planning grant from the United States Department of Transportation's (USDOT's) [Safe Streets and Roads for All \(SS4A\) Program](#). This investment will further improve our [Vision Zero Action Plan](#) that is focused on ending crash-related fatalities and serious injuries on our streets, while increasing safe, healthy, and equitable mobility for all.

We are trying to get as many letters of support by the end of the day tomorrow, August 29. We ideally want to send one big batch of letters along with the grant application.

If the timeframe is too tight, letters of support can be sent separately after the application deadline. Just scan your letter, email to us, and mail directly to Secretary Buttigieg when it is convenient.

Lastly, if you are an Area Commission/Civic Association, we are happy to come to your next Commission/Association meeting to present about the project.

All my best,

Rory

SUBJECT: LinkUS Town Halls on 9/12, 9/23, and 10/9
FROM: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>
TO: "McGuiness, Rory O." <ROMcGuiness@columbus.gov>
DATE: 09/10/2024 11:08

Dear Partners,

Hope this message finds you and yours healthy and well!

I wanted to share with you a few items related to COTA's Levy - Issue 47 and [LinkUS](#).

Issue 47 this November will fund LinkUS, Central Ohio's comprehensive transportation and growth plan. The plan will:

- Improve COTA service by 45%
- Add 500+ miles of sidewalks, bikeways, and trails
- Improve opportunity by building the infrastructure we need to grow our economy.

We have three upcoming Town Halls that provide a great opportunity to learn more about Issue 47 and LinkUS from Central Ohio leaders and experts.

The next Town Hall is this Thursday, September 12 at the Carriage Place Community Center at 4900 Sawmill Rd, Columbus, OH 43235.

The next two are on:

September 23, 5:30-7 p.m. at Northern Lights Library (4093 Cleveland Ave, Columbus, OH 43224)

October 9, 6-7:30 p.m. at Reynoldsburg High School (6699 E Livingston Ave, Reynoldsburg, OH 43068)

To RSVP for these sessions, just follow this [link](#).

If these dates don't work for you or you would like a personalized presentation for your staff, board, or organization, just let me know and I will connect you to our team to schedule time.

Thanks always for your support of our community and hope to see you soon.

All my best,

Rory

Hello,

I am working to help Trucker Jons secure your Portable Restroom business for 2025. Please see the attached Black Friday Deal, which is ending soon.

This would be great for GRADUATION Parties, Birthday parties, and Family Reunion. If you work at a school district please share with the High School student parents. OSU tailgate parties is a MUST we are waiting on our RED unit to arrive

You can find Trucker Jons on Google or Facebook. We are putting the POSH back into the portable restroom business.

We are starting to book up through October 2025 at this time but I want all my friends to be able to enjoy the discount. Let me know if you have any questions or want to buy a Black Friday Deal.

Thank you,

Hi Julie,

Thank you for this kind note. I am sorry I didn't see this until just now. I really enjoyed the meeting the other night and I know we all want to see us get a fair funding for our schools. Coincidentally, tomorrow I have a committee meeting I am going into, where another representative is proposing a bill to lower the state income tax, and I am going to say, how can we be doing that when we just shorted 60% of our public schools close to a \$1B ?

Thank you again for your service and for reaching out to me. Here is my cell number if you ever have any questions or concerns: 614-893-1157

Thank you again,

mark

Thank you for contacting my office. It is an honor to serve Ohio's 19th Senate District. I appreciate your engagement and value your voice.

Due to the large volume of emails I receive each day, it is difficult for me to provide an immediate and individual response to each concern. If you are writing to let me know your opinion on pending legislation, thank you for taking the time to share your views. I appreciate your thoughts and will take them into consideration during the legislative process.

If your issue is time sensitive or you are trying to schedule a meeting with our office, please call 614-466-8086 and someone will assist you.

Thank you again for your correspondence.

Yours,

Andrew O. Brenner

SUBJECT: Letter of Support Requested for Post-Crash Care Safe Streets for All (SS4A) Grant
FROM: "McGuinness, Rory O." <ROMcGuinness@columbus.gov>
TO: "McGuinness, Rory O." <ROMcGuinness@columbus.gov>
DATE: 06/09/2025 11:02
ATTACHMENTS (20250609-110218-0000007):
[SS4A Letter of Support Template \(Final\)\(6-9-25\).docx](#)

Dear Partners,

The City of Columbus is preparing a request for a \$5 million planning and demonstration grant from the United States Department of Transportation's (USDOT's) [Safe Streets and Roads for All \(SS4A\) Program](#). This investment will support ongoing collaboration among the Transportation Divisions in the Department of Public Service and the Division of Fire in the Department of Public Safety in the critical area of Post-Crash Care. Post-Crash Care is the immediate and ongoing medical and support services provided to individuals involved in roadway traffic crashes.

This \$5 million grant will enable the City to add 4 new components to its [Vision Zero Action Plan \(2023-2028\)](#): development of a new regional post-crash care plan, implementation of new life-saving technology to quickly dispatch emergency services, funding for advanced EMS trauma medical care capabilities, and an implementation toolbox.

These components will allow the City and the entire region to increase the number of lives saved and minimize the harms when serious crashes take place. Therefore, this SS4A Grant is essential to advancing the City's Vision Zero goal to end crash-related fatalities and serious injuries on our streets, while increasing safe, healthy, and fair mobility for all. We would greatly appreciate your endorsement of our request to USDOT.

Here's how you can help:

1. **By June 17**, either write your own letter or simply copy and paste the attached sample letter of support onto your letterhead and have the appropriate person at your organization include information about your organization and why you support the grant request. Then sign, scan (in color preferably), and email this letter to me. We are compiling the letters to send to USDOT with our application.
2. We would also appreciate if you could physically mail your letter directly to Secretary Duffy as well.

Please let me know if you have any questions or need additional information. Thanks again for your consideration.

All my best,

Rory

SUBJECT: HB96
FROM: Julie Liskany <j2l1027@swcsd.us>
TO: "rep12@ohiohouse.gov" <rep12@ohiohouse.gov>
DATE: 06/19/2025 08:39

Dear Representative Stewart:

My name is Julie Liskany and I am a taxpayer, resident, and member of the Board of Education of South Western City Schools, writing today in regards to House Bill 96 as it advances to the joint-house conference committee you are a member of for final mediation and discussion. While it is understood that a large part of the proposals you are working through are aimed at seeking pathways to property tax reform and relief, HB 96 has the potential to leave a devastating impact on our 21,000 students. In evaluating the final bill in the joint-house conference committee, we urge you to consider the following and its residual impacts on student learning.

Fair School Funding

In developing the well-rounded citizens of tomorrow, appropriately funding students' education is paramount to providing them with the tools and resources they need to succeed. Here locally in South Western City Schools, and for nearly two decades, our district has worked diligently to maintain financial stability, ensuring that we are good stewards of taxpayer dollars and that we do not have to ask for additional funding through levies for daily operations or the maintenance of our buildings. Our cash balance funds have allowed us to absorb unexpected costs, such as inflationary increases or structural repairs across our 33 campuses, without burdening taxpayers.

A school district's cash balance carryover is not a rainy day or emergency fund; it is the district's operating fund. While the Senate version increases the maximum threshold from the House version and provides flexibility as it pertains to permanent improvement expenses, we remain concerned that the cash balance provisions, coupled with other property tax reforms, will have a profound impact on a school district's ability to adjust to the reform and maintain levels of student service. Our prudent financial planning to this point has proudly kept our district off of the ballot since 2009 for operating expenses and we strongly urge you to prioritize funding for public education students in this budget.

Property Tax Provisions

While we all have a stake in finding solutions to targeted property tax relief that assists those most in need, such relief cannot compromise the funding of our public schools across the state and here in South Western. Local property taxes are the cornerstone of school funding in most districts, enabling quality instruction, funding student support, and accounting for safe learning environments. When considering these changes, it is important to keep in mind that school funding is a shared responsibility between the state and local communities. It is essential to consider the impact property tax changes will have on public school students.

We welcome continued collaboration to create solutions that are fair to taxpayers and protect educational opportunities for all Ohio students. In conclusion, we urge you to consider the collective impact any property tax changes will have on Ohio's students and maintain the ability for local communities to acquire the resources necessary to meet the needs of students. As a member of the Board of Education

, I urge you to seek a mutually beneficial resolution in the joint-house conference committee that fairly funds the education of our community's greatest asset - our youth - while seeking tax relief from other pathways.

Sincerely,
Julie Liskany

Thank you for contacting my office. It is an honor to serve the Ohio's 18th Senate District. I appreciate hearing from my constituents who have concerns about our state and community, and I value your voice.

Due to the large volume of emails I receive each day, it is difficult to provide an immediate and individual response to each concern. If you are writing to share your views on pending legislation, please be assured that I appreciate your thoughts and will take them into consideration during the legislative process.

If you are having a problem with a state agency, please include your name, mailing address, phone number, a brief description of your issue, and any case numbers you may have. This will help me and my staff in responding to your concerns quickly and effectively. If your issue is time sensitive, please call my office at 614-644-7718 and someone will assist you.

Thank you again for your correspondence. If you should have any additional questions or concerns regarding any state related matters, please feel free to contact my office at 614-644-7718.

Sincerely,

Jerry C. Cirino

State Senator

18th Ohio Senate District

614.644.7718

Dear Representative Chavez:

My name is Julie Liskany and I am a resident, tax payer, and member of the Board of Education
of South Western City Schools

writing today in regards to House Bill 96 as it advances to the joint-house conference committee you are a member of for final mediation and discussion. While it is understood that a large part of the proposals you are working through are aimed at seeking pathways to property tax reform and relief, HB 96 has the potential to leave a devastating impact on our 21,000 students. In evaluating the final bill in the joint-house conference committee, we urge you to consider the following and its residual impacts on student learning.

Fair School Funding

In developing the well-rounded citizens of tomorrow, appropriately funding students' education is paramount to providing them with the tools and resources they need to succeed. Here locally in South Western City Schools, and for nearly two decades, our district has worked diligently to maintain financial stability, ensuring that we are good stewards of taxpayer dollars and that we do not have to ask for additional funding through levies for daily operations or the maintenance of our buildings. Our cash balance funds have allowed us to absorb unexpected costs, such as inflationary increases or structural repairs across our 33 campuses, without burdening taxpayers.

A school district's cash balance carryover is not a rainy day or emergency fund; it is the district's operating fund. While the Senate version increases the maximum threshold from the House version and provides flexibility as it pertains to permanent improvement expenses, we remain concerned that the cash balance provisions, coupled with other property tax reforms, will have a profound impact on a school district's ability to adjust to the reform and maintain levels of student service. Our prudent financial planning to this point has proudly kept our district off of the ballot since 2009 for operating expenses and we strongly urge you to prioritize funding for public education students in this budget.

Property Tax Provisions

While we all have a stake in finding solutions to targeted property tax relief that assists those most in need, such relief cannot compromise the funding of our public schools across the state and here in South Western. Local property taxes are the cornerstone of school funding in most districts, enabling quality instruction, funding student support, and accounting for safe learning environments. When considering these changes, it is important to keep in mind that school funding is a shared responsibility between the state and local communities. It is essential to consider the impact property tax changes will have on public school students.

We welcome continued collaboration to create solutions that are fair to taxpayers and protect educational opportunities for all Ohio students. In conclusion, we urge you to consider the collective impact any property tax changes will have on Ohio's students and maintain the ability for local communities to acquire the resources necessary to meet the needs of students. As a member of the Board of Education

, I urge you to seek a mutually beneficial resolution in the joint-house conference committee that fairly funds the education of our community's greatest asset - our youth - while seeking tax relief from other pathways.

Sincerely,
Julie Liskany
